SPEAKER: JEFF GALL ON "MISSOURI OUR HOME"

TSU Associate Professor of History Jeff Gall was approached by a Utah publisher in 2003 to write a book aimed at fourth grade students on Missouri's history which was ultimately published in 2006. Jeff wrote most of the text of this very colorful and highly illustrated book. He said Missouri's history is a microcosm of America's history. Our state's history is very well presented in this book intended to be used as part of a lesson plan. At the conclusion of his talk, Jeff asked for volunteers to help judge the middle and high school National History Day submissions on February 20. (The speaker is pictured in left photo with Harriet Beard who introduced him.)
