DG DAN HALL SPEAKS: After a nice introduction by PDG Jeff Romine, DG Hall described his goals for 2011/12. They include water projects (including eight in Thailand where even rainwater is contaminated), micro-credit (small loans provided to individuals in impoverished countries to help them start new businesses. As loans are repaid, money is used to provide loans to other people interested in better business practices. Risk is shared when 20 loans are grouped together and default is low.), education, New Generations (Interact, Rotaract, RYLA, Youth Exchange, and ITSROTARY.COM, a podcast for Gen Y's) and Ending Polio Now. His power point presentation ended with an inspiring message delivered by RI President 2011/12 Bannerjee from India about his slogan "Reach Within To Embrace Humanity." DG Hall, a member of "Methodist Men of Note," then led us in singing an old Rotary song.
