**District 6040 Governor Julie McCoy**

In Marilyn Romine’s introduction we learned about DG McCoy’s impressive history with Rotary and other organizations. She hails from Chillicothe, Missouri and is a CPA who owns her own business as well as several rental properties. Her visit today is the 33rd of 56 clubs she will visit during her term as governor.

DG McCoy said Virginia Wall was the first female member of her club in 1991 and, of the next five women to become members of her club, she is the only one who remains today. She said there are currently female governors in all four districts in the state of Missouri. DG McCoy showed a short video by RI President Barry Rassin who chose “Be The Inspiration” as his theme this year. She outlined the various areas where she is inspired by Rotary and said together we can be an inspiration to the world! DG McCoy (left) is pictured above with Assistant Governors Cindy Baxter (center) and Marilyn Romine. On the tables today were invitations to the Rotary District 6040 2018 Foundation Dinner in North Kansas City on Friday, October 26 (see flyer attached for details). Save the date!
